Latest About the President's Books.

The President's Books.

TEN VOLUMES.

By President Theodore Roosevelt.

Each Volume about 300 pages. Handsomely bound in cloth. Large, clear type, beautifully printed on fine paper. 50c. a Volume.

We have been advising our book-buyers in these words: "The last of these Roosevelt books will soon be sold. Then Roosevelt's books cannot be bought for less than \$2 or \$3 a volume." We were warranted in making this statement by rumors in publishing circles. Now comes the news that a Philadelphia publishing firm has arranged with the President to publish his books in the future, and that no single volume will be sold for less than \$10 and some of the volumes will be sold for even higher prices.

While the new edition at high prices will have new covers and be very fine, no doubt, the contents of the books will be the same as our edition, and FOR READING our volumes at 50 cents each will give just as much pleasure as the \$10 volumes.

The point of interest is that these 50-cent volumes will be worth a great deal more very soon. We are very glad to supply our friends with books that are sure to advance in value.

Never before in our history has a President figured as a popular author during his term as Chief Executive. President Roosevelt is to-day the most interesting man in the country, and in no way can he be known so well as by reading his books.

Administration: In this volume the President discusses, in his own vigorous and readable style, Civil Service, New York Police, The Monroe Doctrine, Washington's Forgotten Maxims, National Life and Character, Our Poorer Brother, Social Evolution and the Law of Civilization and Decay.

In the above volume the President's convictions on many important public questions are plainly expressed. A volume of great interest to every man of public spirit.

Hunting Trips on the Prairie. A volume of enter-taining miscellany. Sights and Sounds of the Desolate Plains, Night Camps, Eagles, Rattle Snakes, Prairie Dogs, Badgers, Hunting on Horseback. "A Long Shot." A trip after Mountain Sheep—the hardest game to successfully hunt, the Lordly Buffalo, Still-Hunting Elk, and other adventure with dangerous old Ephraim.

The readers of this Hunting Volume will be delightfully entertained, and will be well satisfied that a vigorous man of steady nerve and high courage is at the head of the Nation.

The Naval War of 1812. Part I. In the preface of this edition President Roosevelt describes the land operations of this war, which were generally disastrous. Causes of the war. Cruises and engagements on the Ocean, 1812-1813. On the Lakes, 1812-1813. Perry's Victory.

The Naval War of 1812. Part II. Strictness of Blockade; Cruises and Engagements on the Ocean, 1814. British in the Chesapeake and Capture of Washington. Operations on the Lakes, 1814. Splendid Victory of MacDonough; Concluding Operations, 1815; The Constitution's Brilliant Successes; the Battle of New Orleans.

Few books are more satisfying than the President's history of the War of 1812. These two volumes, in a sense, continue the history of the "Winning of the West." The War of 1812 cleared the lakes of the British and finally subdued their allies, the Indians.

WHO GOES THERE?

The Story of a Spy in the Civil War.

By B. K. BENSON.

Cloth. 12mo. \$1.50. Illustrated.

"Beyond question the best story of the civil war that has appeared of recent years. Veterans who took part in the campaigns of the Army of the Potomac will follow every page with absorbed interest. So detailed and seemingly so accurate are the descriptions of battlefields and of the positions occupied by the two armies at different times. The book deserves to be put among the works of history dealing with the civil war, rather than among the works of fiction so great is the preponderance of fact. It is due to the author's power for graphic presentation of detail, and his keen regard for the fears and emotions of his hero, that his book contains much of the interest of a novel while containing more historical truth than most historical fictions."—The Springfield Republican.

"Unquestionably this production ranks with the very best stories that have been written about the great rebellion. No veteran of the war could read of the gallant work done so systematically, yet modestly, by the almost unknown soldier, James Herwick, and add anything to the charm of the tale."—Evening Post, Chicago.

"Much of the atmosphere of war time is caught into the work, and such is the charm of reality which the author throws around the events which he describes that the reader, as he becomes immersed in the spirit of the story, can almost hear the rattling of musketry and the booming of cannon."—Atlanta Constitution.

"This is not only a wonderfully realistic account of the experiences of a private, scout, and spy in the Army of the Potomac and in Lee's Army of Northern Virginia, from Bull Run to the end of the Gettysburg campaign, but it is a highly interesting and suggestive psychological study."—Nebraska State Journal.

"... gives us some very well drawn pictures of war, and is touched especially by that air of reality which one gets from the recitals of an eye-witness as from nothing else. ... there is something in the book that prevents its being put down unfinished."—The New York Tribune.

A FRIEND WITH THE COUNTERSIGN.

Sequel to "Who Goes There?"

By B. K. BENSON.

With eight full-page illustrations by Louis Betts. Cloth. 12mo. \$1.50.

"One of the most remarkable military novels that have been written about the civil war."—Brooklyn Daily Eagle.

"A wonderful picture of the war. It is history rather than fiction, yet it is told with such skill that it possesses all the charm of a romance."—Denver Times.

"The book wears an air of reality which is absolutely convincing to the reader, and the effect is heightened by the introduction of maps and notes."—Richmond Times.

"There is no lack of adventure and hair-breadth escapes, and the reader will get a clear idea of the ebb and flow of the tremendous struggle and a glimpse of the great leaders on both sides as a valuable addition to the romantic and adventurous interest of the story."—The Congressionalist.

"From every standpoint—skill of plot construction, excellence of character drawing, literary merit in the narration, technical completeness and faithfulness to history, and fairness of treatment, 'A Friend with the Countersign' easily ranks with its companion book at the head of civil war stories."—Denver Republican.
